# TEACHERS DAY

# CELEBRATION OF THE DAY

On this day we all gathered together and have a great time along with a bit of celebration with all the teachers of The Trainer Schools. The role of teachers along with the responsibilities have been the main topic of the discussion which everyone enjoyed and have active participation.....

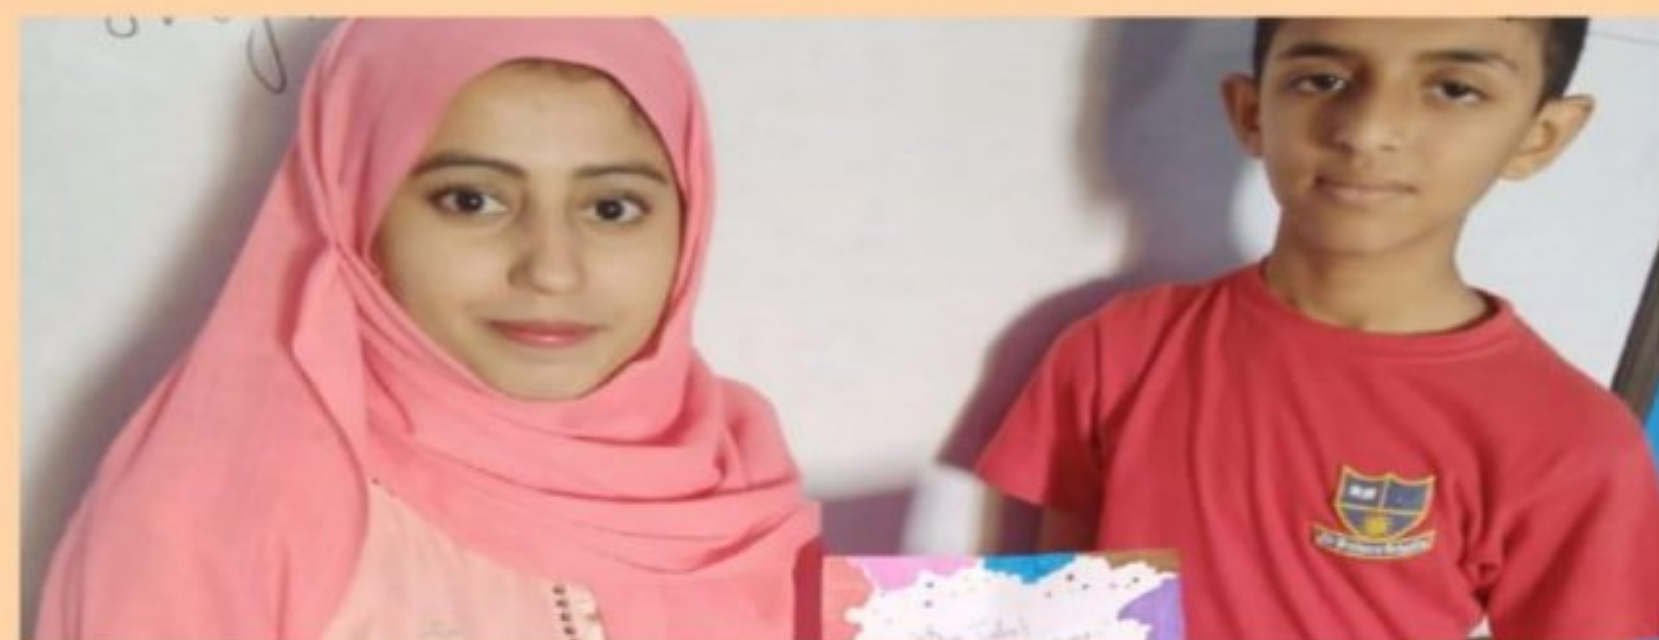

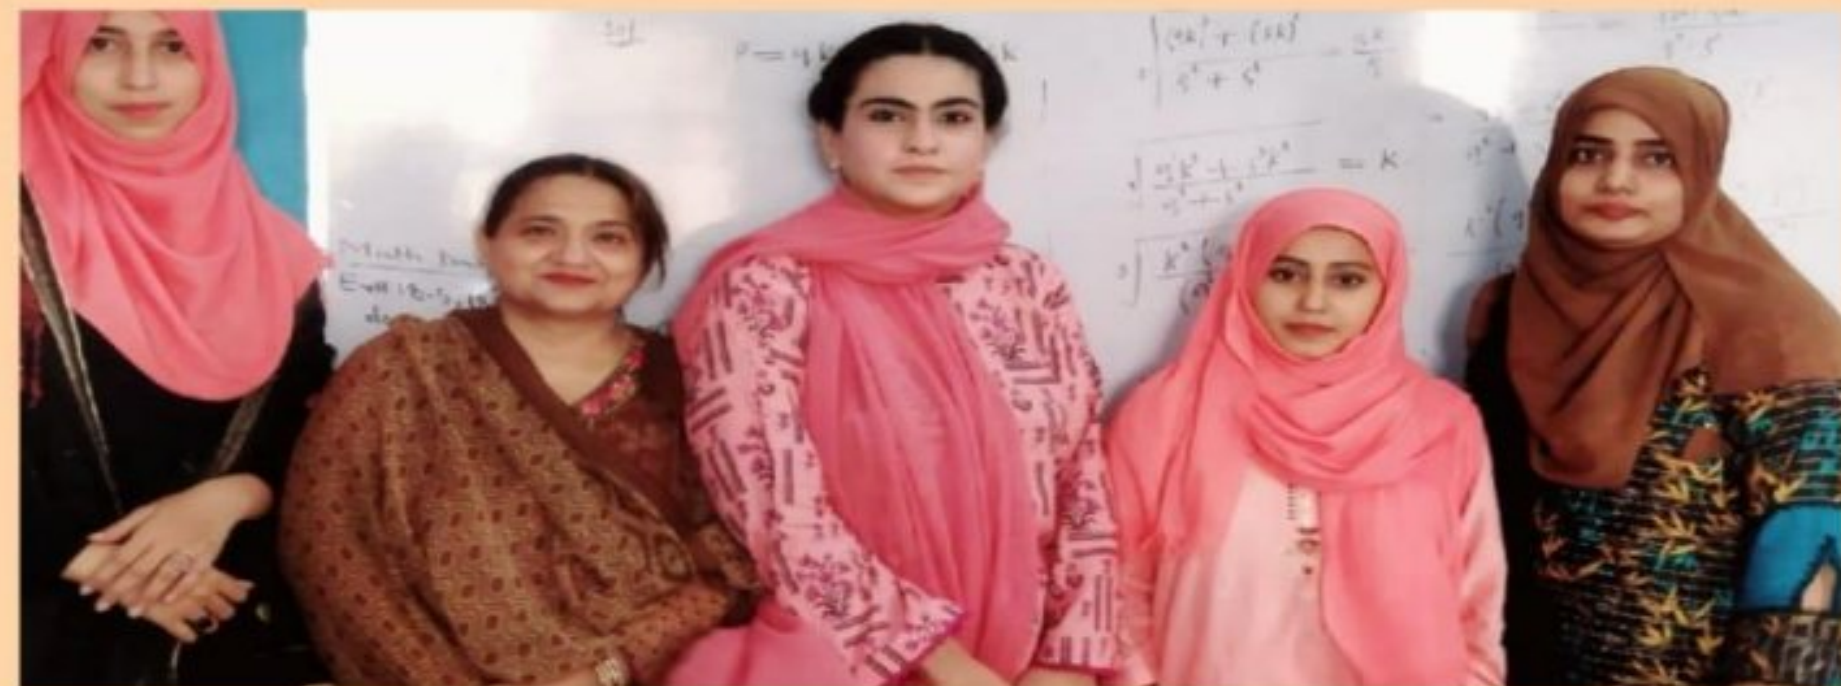

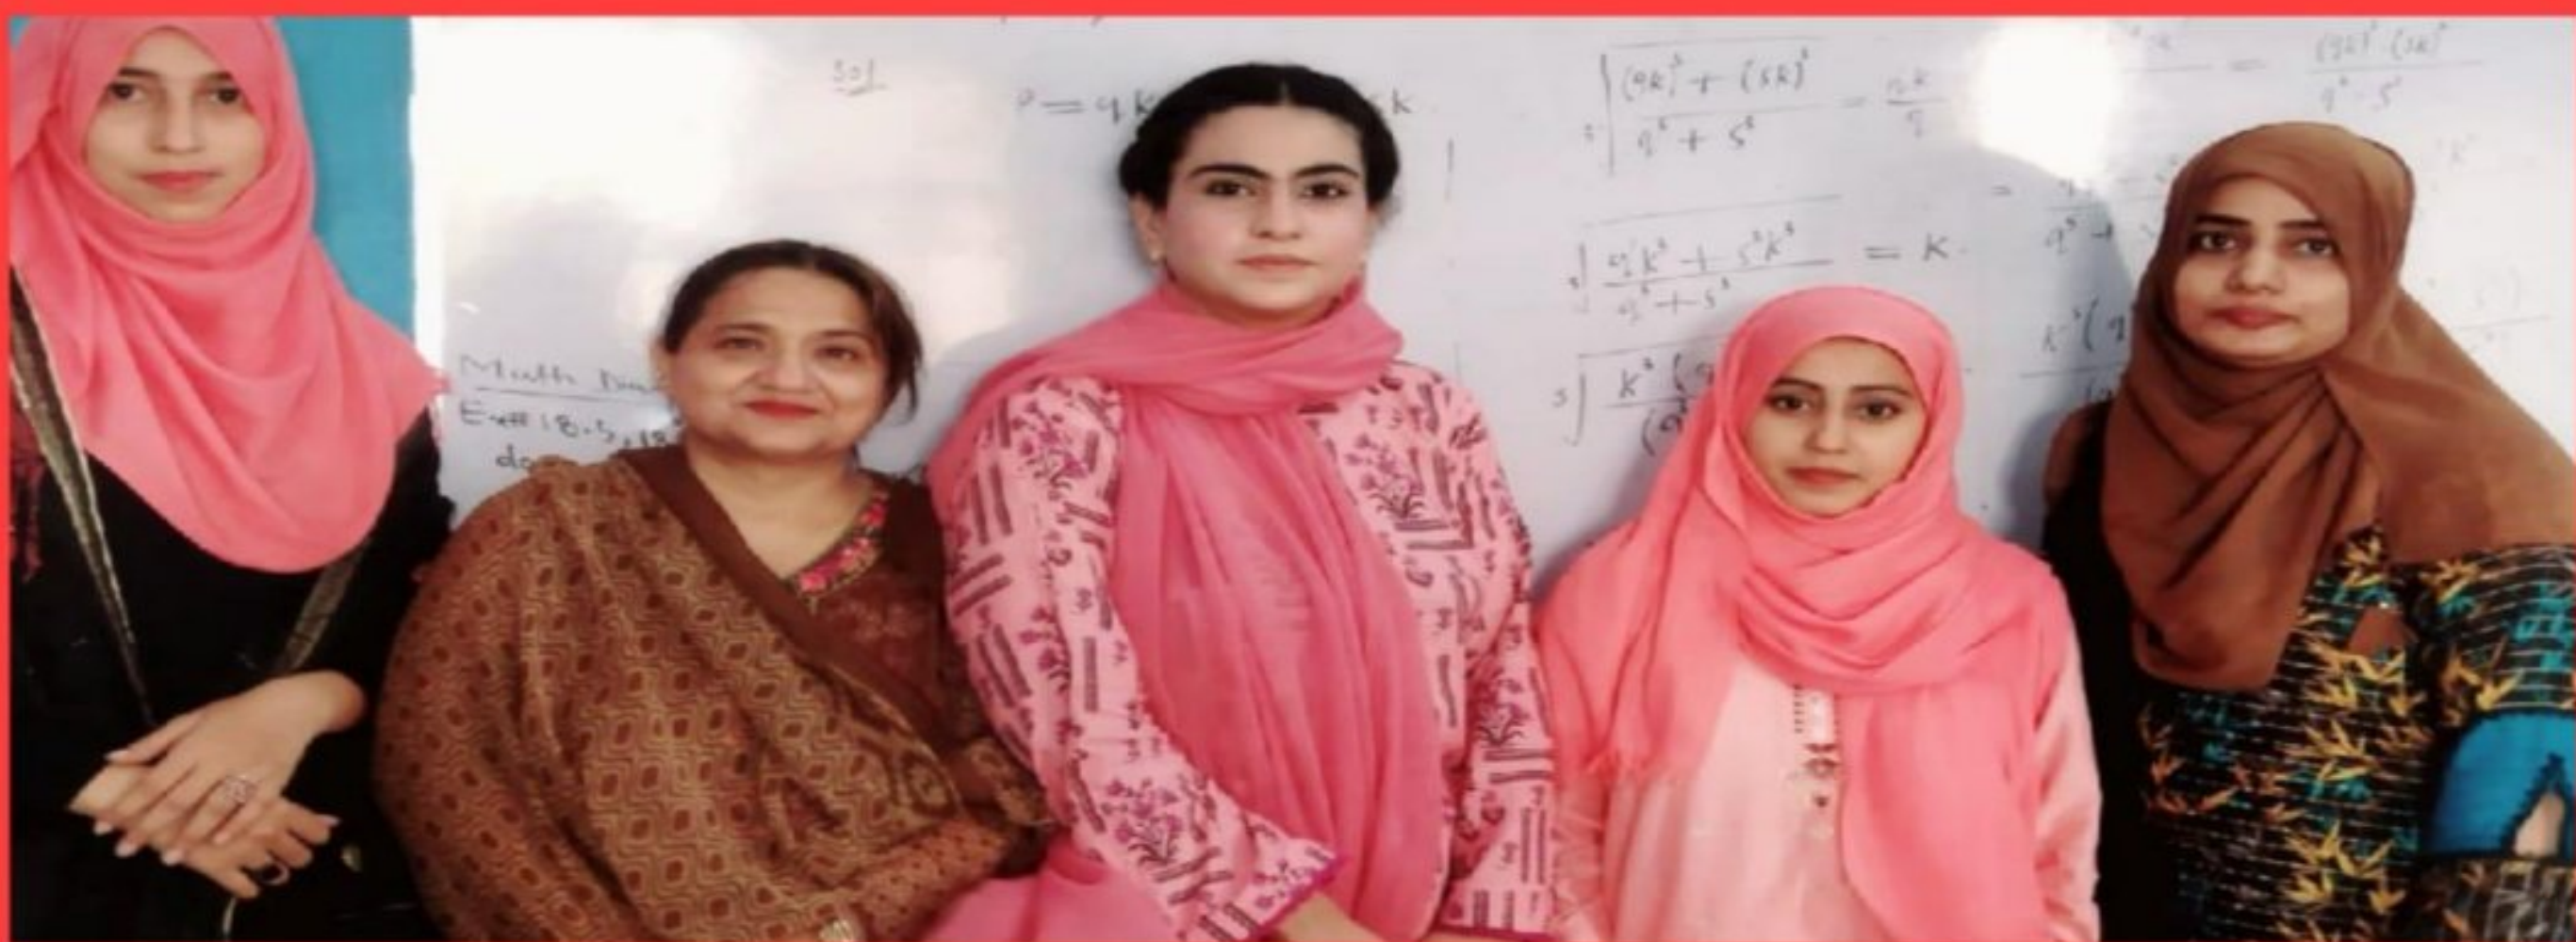

Teachers play a very essential role in shaping the minds of future generations:

- Teachers are essential members of our society. They are pillars of knowledge, shaping the future of our kids— they are educators, mentors, guides, and inspirations. Being a teacher is more than a job; it's a calling. You will encourage, lead, teach, and guide, leaving a lasting mark on every child's life.
- CORE VALUES OF A TEACHER:
  - Integrity
  - Sense of Hope For Students
  - Respect and Responsibility

# ELECTIONS

# OATH CEREMONY

# OATH CEREMONY

After compiling the data, the winner of the election have been decided and everybody was so curious to know who the winners are going to be.....An oath ceremony is a formal event where a person or group takes a solemn promise, or vow, to uphold something....

Following are the oath promises.

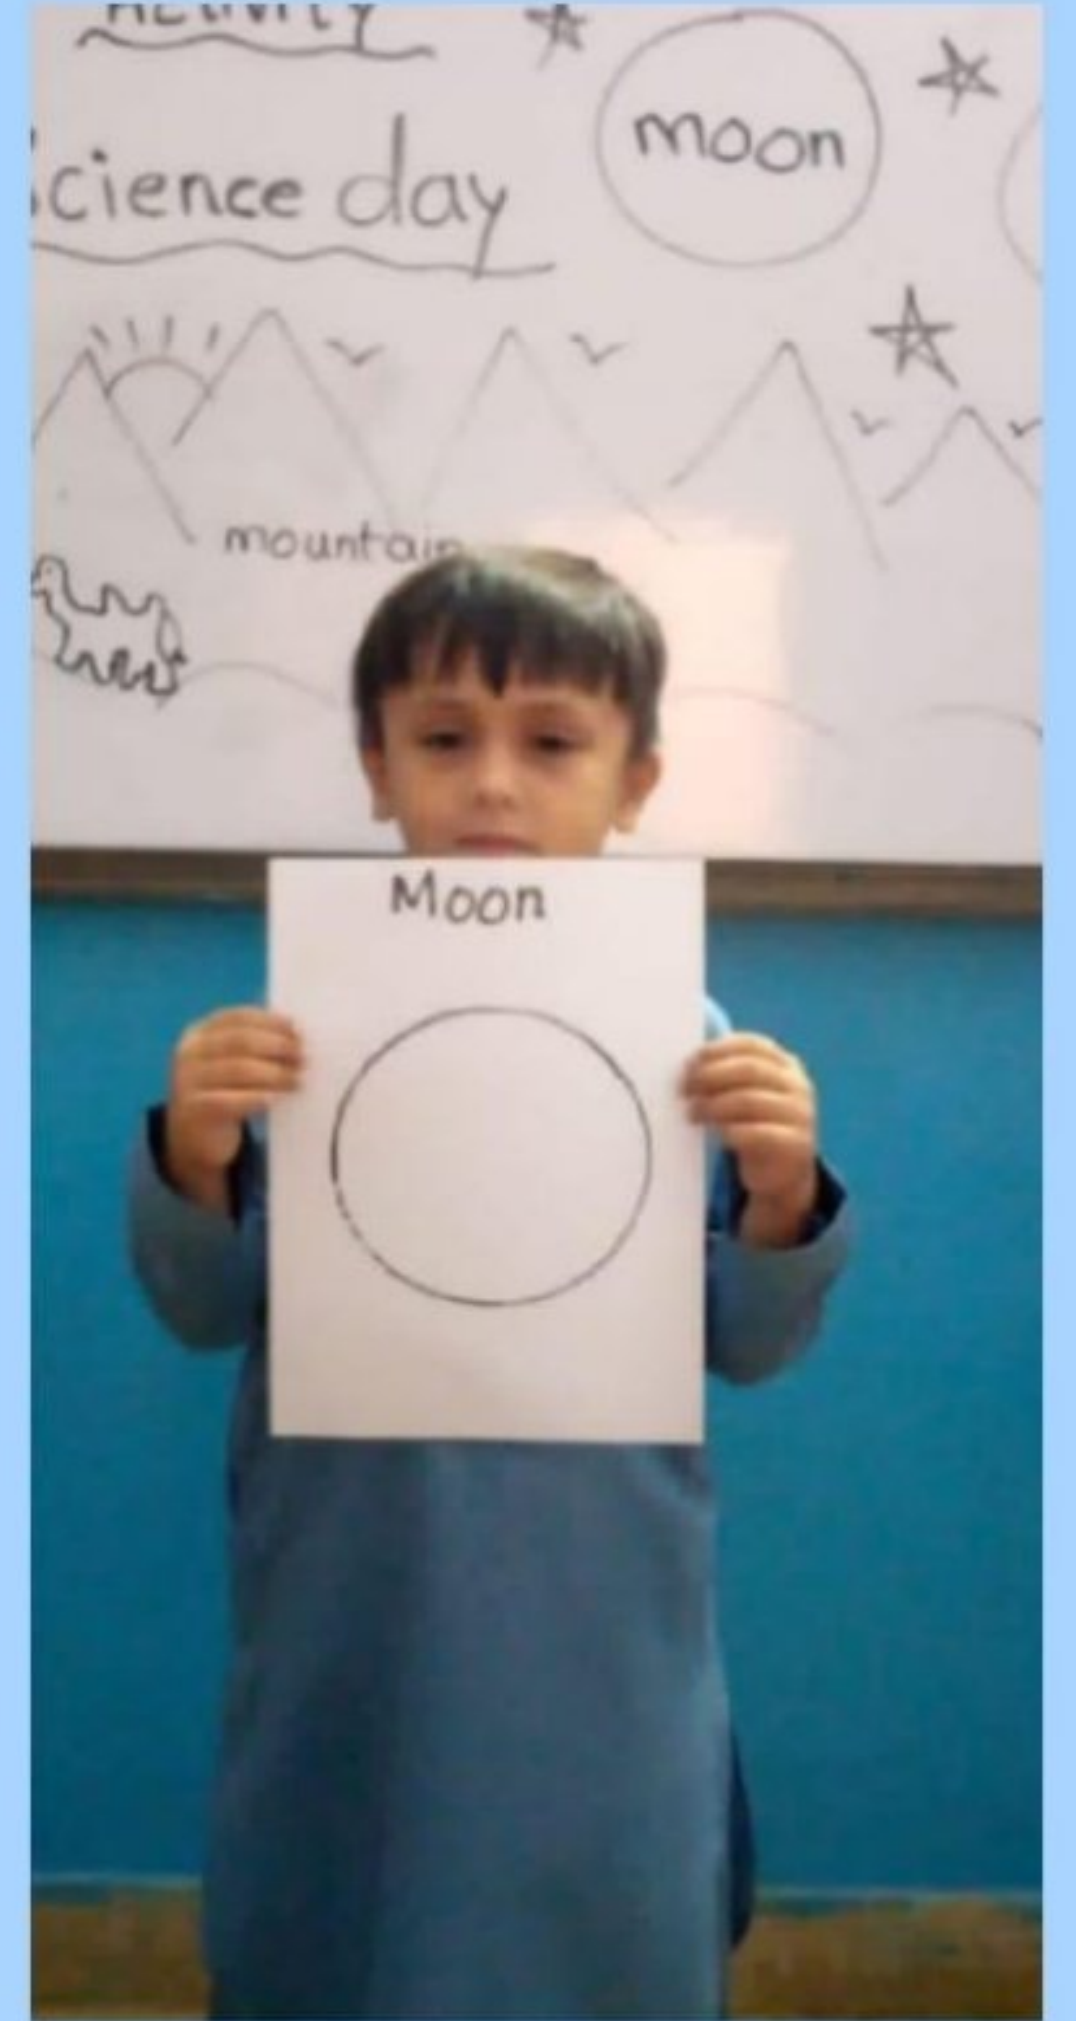

- Honesty in duties during school activities
- Truthful in whatever I do
- Honor my school ethics with patience
- Modesty, gratitude, humility and Sincerity
- Respect of teachers, management. Students and school property.
- Implement all institute manners to improve school environment.

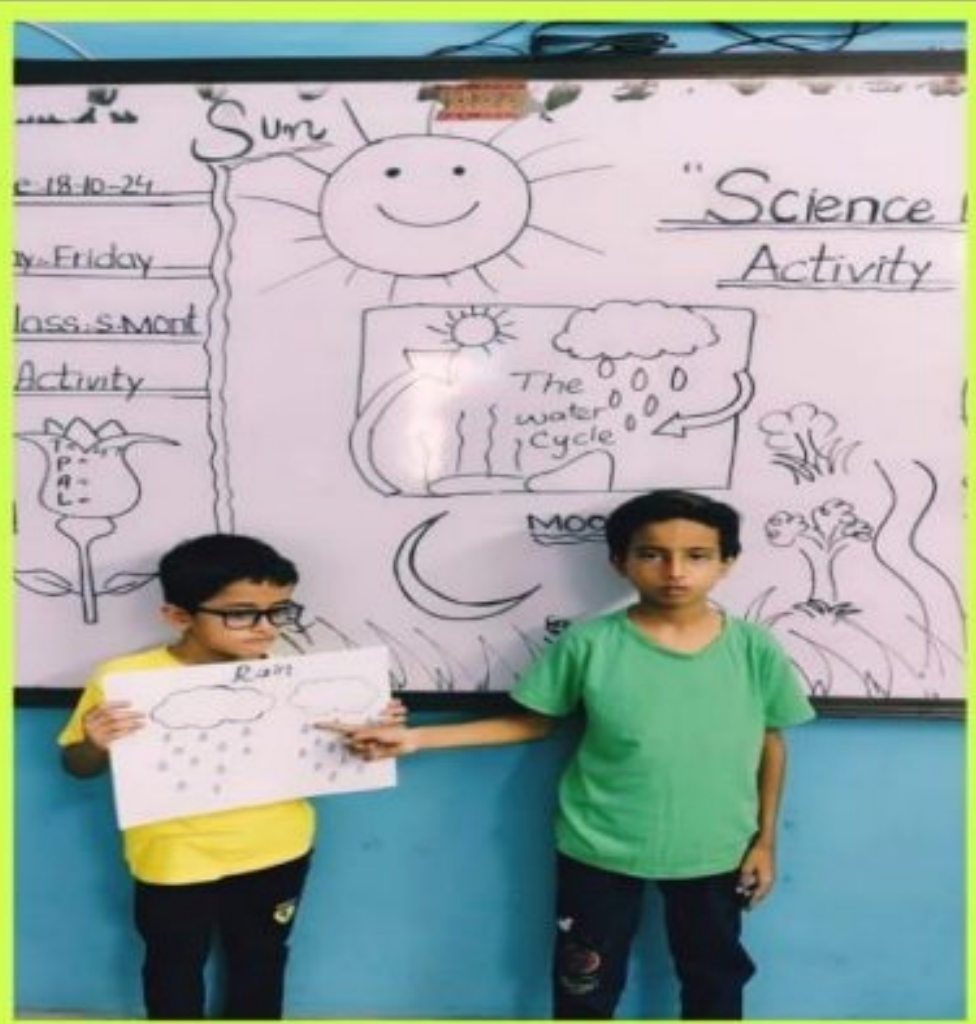

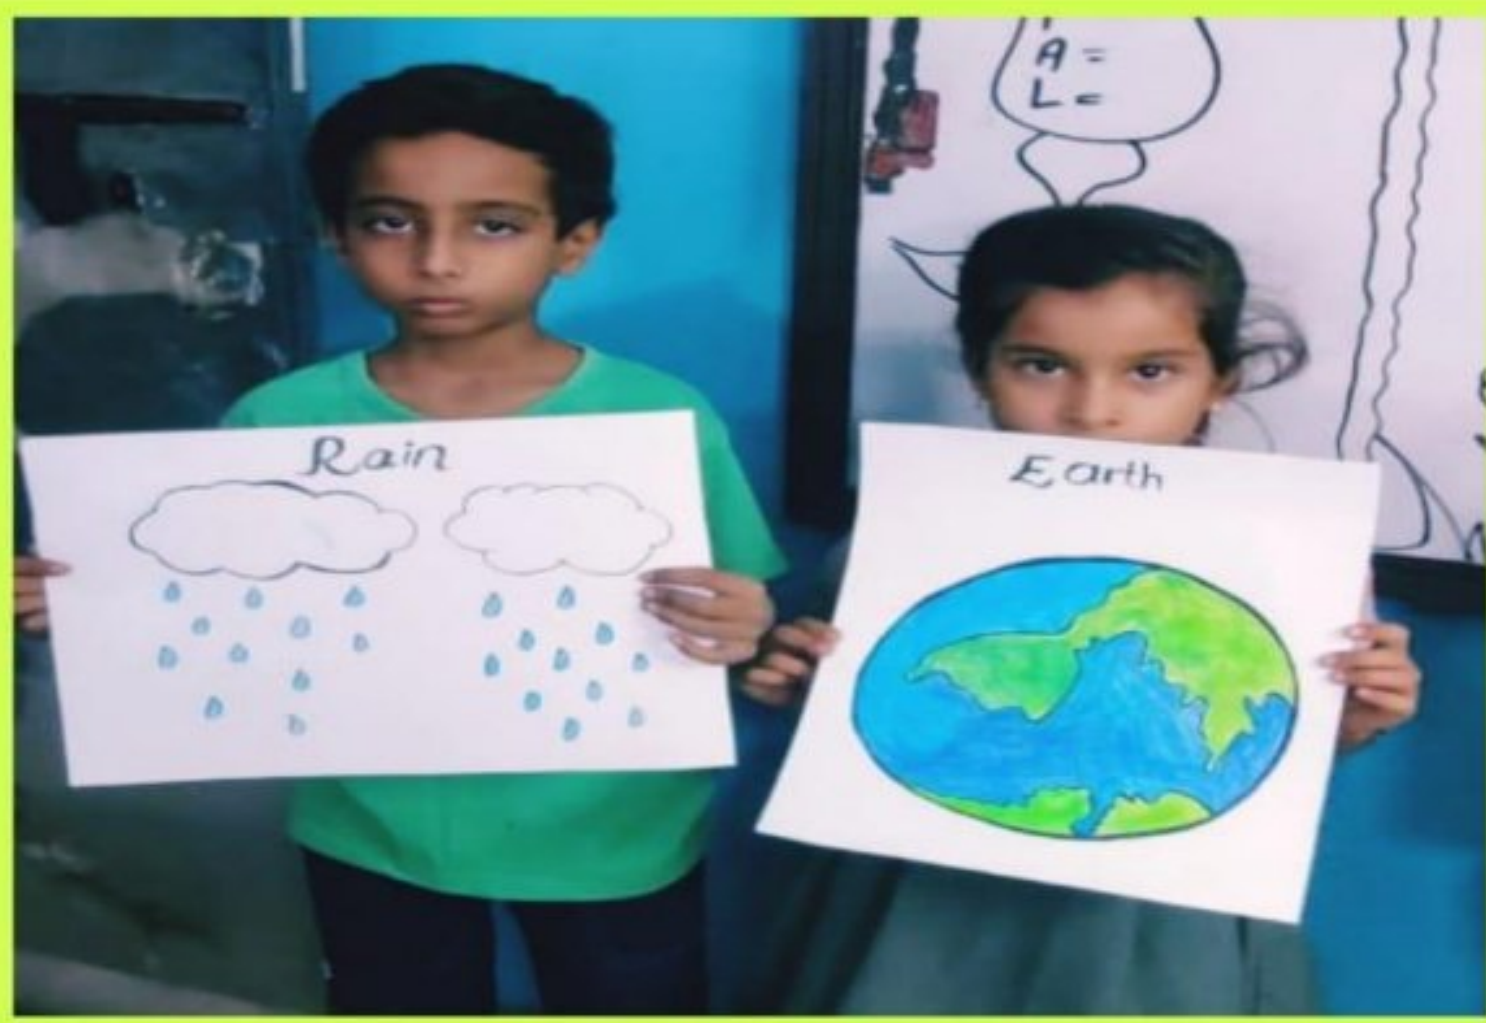

# SCIENCE DAY

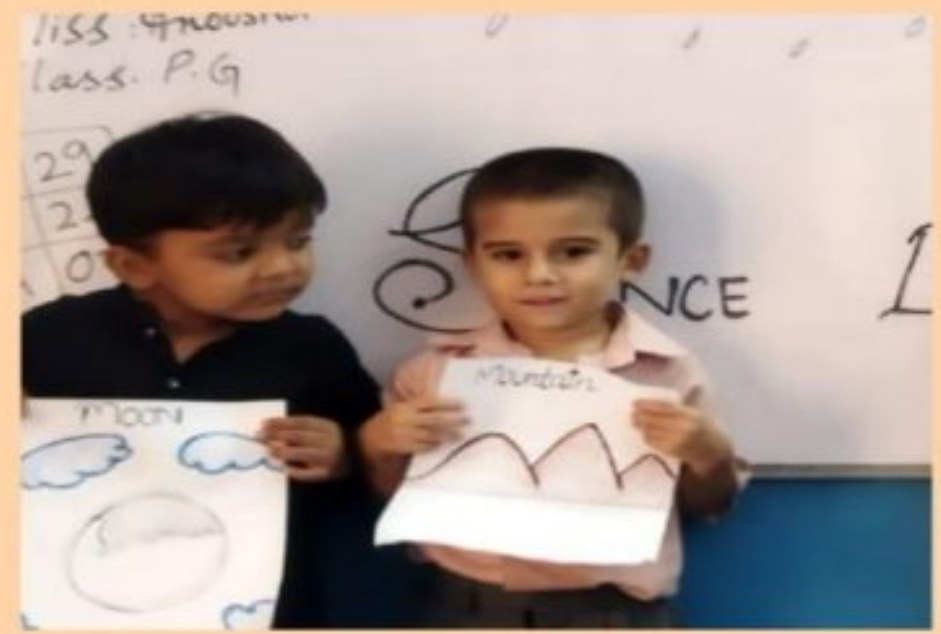

**SCIENCE DAY:** This day is celebrated in order to clear the concept and provide basic knowledge about science. Here the students are able to know about different concepts like how day, night, star, moon, sun, mountain and etc. The purpose of this day is to highlight the continued importance of science in our daily lives and to actively engage the public in conversations on new scientific issues. The aim is to foster a closer connection between science and society, promoting a shared understanding and appreciation of its significance

Scientific knowledge allows us to develop new technologies, solve practical problems, and make informed decisions — both individually and collectively. Because its products are so useful, the process of science is intertwined with those applications: New scientific knowledge may lead to new applications.

# AUDIT

An audit is an examination of a school or individual by a management person or authority to ensure accuracy and compliance with legal and regulatory standards. Here even some competency test has also been taken place from students to see the individual's level. The test of four subjects Maths, Science, English, Urdu has been conducted and last but not the least a report was also been generated.

# EDUCATIONAL TRIP TO SINDHBAD

Educational trips can be important for school students in many ways, including:

**Real-world learning:** Students can apply what they've learned in the classroom to real-life situations. For example, they can practice speaking French at a market in France.

**Cultural enrichment:** Students can experience new cultures, lifestyles, and perspectives. They can also learn to respect differences.

**Social and emotional development:** Students can develop social skills like communication, teamwork, and leadership. They can also learn how to manage their emotions and adapt to new situations

**Stress relief:** Educational trips can help students relax and feel well.
